

A vibrant, scenic landscape featuring a railway bridge with a steam train crossing it. The bridge is a multi-arched stone structure built into a rocky mountain side. A steam locomotive is pulling a train of colorful passenger cars across the bridge. In the foreground, a rocky, moss-covered hillside slopes down towards a river. The background shows majestic, snow-capped mountains under a bright blue sky with scattered white clouds. The foliage on the mountainside and in the foreground is in autumn, with many trees displaying bright yellow and orange leaves. A river flows through a valley in the lower right corner.
